## **LT Series – Grab It and Go**

### **Gateway Presents The Perfect Companion for Socializing on the Go**

**New York, April 7, 2009** – Today, two new amazing netbooks are announced enriching the Gateway's product range. Following the success of the 8.9 inch LT series netbook and deeply convinced that the netbook segment will drive notebook's market growth in 2009 with an increase in consumers' expectations for better design and handier features, Gateway confirms its position in the netbook market with the addition of two new products with wider screens and improved capabilities: LT20 (10.1 inch) and LT30 (11.6 inch).

#### **Perfect companion on the go**

As soon as you see the new LT series, you think of a trendy organizer with a fashionable look&feel and smart compact form. It is meant to be your inseparable companion, everyday. Easy to carry, ultra light and compact (2.62 lbs - 1.25 kg); it fits in any purse, bag or hand luggage. Like the legendary Moleskine® notebook used by Ernest Hemingway, the new LT netbooks are the perfect jot pad to organize your life on the go.

Likewise, it's the perfect tool to access the internet anytime, with ease and reliability, enjoyment and comfort, and is the ideal complement for your digital camera. Including built-in WiFi, a webcam, optional Bluetooth and optional 3G module, it enables you to quickly access the web for social networking or a quick news fix.

Design and detailing are great pluses of the LT netbook, with 16:9 aspect ratio, chic glossy cover with silver plated logo and an elegant touchpad, it also comes with a cool protective bag.

But the LT netbook is also full of fun features. Its terrific multi-gesture touchpad allows easy and intuitive access to several applications. You can surf, scroll, zoom and browse web applications or media albums just using one or two fingers. With the new "flick" gesture, you can browse photos, web pages, documents, or media albums, back-and-forth by sliding two fingers horizontally.

You can be creative and productive anytime, anywhere with preloaded Microsoft® Works. The 5-in-1 card reader enables immediate display and download of your pictures and the 160 GB Hard disc Drive allows you to store any kind of multimedia file. Supporting Dolby Sound for headphones the new Gateway netbooks deliver the highest quality audio surround sound possible for a stunning personal listening experience.
